MATRIX Biolage Advanced Full Density Thickening System

If you think you can't get your fine hair to look any thicker or fuller, think again. **Matrix's Biology Advanced FullDensity Thickening System** is a three-part regimen that treats hair to the fortifying power of Biotin with the nourishing power of Zinc PCA and Gluco-Omega to provide a luscious and fluffy blowout with ease. The trio includes a FullDensity Thickening Shampoo and Conditioner, and a FullDensity Densifying Spray Treatment to remove impurities, nourish and fortify, and increase the diameter of your strands by up to nine percent! Don't believe us? See for yourself. We're giving five sets away today!
